

# RapidFit

Fast, Easy Fit "OFF-THE-SHELF" Washroom Solutions

Washroom décors: Be Rooted and Sangha Wenge  
Walls décor: Selkie 'Cappuccino'

**RapidFit is an instant solution to washroom surfaces. Offering two off-the-shelf ranges for cubicles and vanity units, it's ideal for time constrained projects or instant repairs that do not require bespoke measurements.**

**Toilet Cubicles and Vanity Units are available off-the-shelf, whilst IPS is a made to order item.**

Suited to areas of light to medium use, such as offices, our 18mm MR MFC (moisture resistant Melamine Faced Chipboard) material offers a cost effective washroom solution.

Composed of an engineered mix of woodchips and resin, our core is moisture resistant furniture grade. Combining a dense outer core for impact with a coarse inner core for fixing strength and stability, RapidFit MFC is an ideal industry standard product.

*Each RapidFit MFC product is supported by a 5 year guarantee.*

**Toilet cubicles are available off-the-shelf, with IPS and vanity units made to order.**

For areas with high volume traffic, such as schools and bars, we recommend our 12mm Compact Grade material. Manufactured from several layers of craft paper, impregnated with thermosetting resin, and featuring two decorative sides, RapidFit Impact offers strengthened technical properties.

The board is non-porous and therefore 100% waterproof, making it ideal for humid environments. Extremely hardwearing, it is also impact resistant.

*RapidFit Impact's heightened specification gives it a longer guarantee period of 10 years.*

# Décor Range

**Our range of nine décors can be used in combination across both our MFC and Impact ranges. Offering a selection of flat pantones and authentic woodgrains, choose to create a cool tone or warm, earthy palette.**

\*The colour range allows for compliance with the Disability Discrimination Act, which should be considered when making your selection.
